CONTENTS OF VOLUME 26

Number 1

1 Dyeing in the Presence of Free Radical Initiators. Part 7: The Dyeing of Silk Fibres
S. M. BURKINSHAW (UK) & JIANN GUANG LU (Taiwan)

15 The Dyeing of an Experimental Nylon 4.6 Fibre
S. M. BURKINSHAW & H. SKELTON (UK)

33 Design of Chlorine-fast Reactive Dyes. Part 4: Degradation of Amino-containing Azo Dyes by Sodium Hypochlorite
T. OMURA (Japan)

51 Syntheses and Absorption Spectra of New Azo Dyes Containing an Azulene Ring
K. TAKAGI, A. MIZUNO, H. IWAMOTO, S. KAWASHIMA, S. NISHIDA, T. HASHIKAWA & T. NOZOE (Japan)

61 The Photofading of Some Aminoazobenzene Dyes on Polyester
J. SOKOLOWSKA-GAJDA (Poland)

69 The Photofading of Some 3-Amino-5-nitro(2,1)-benzisothiazole-based Dyes on Polyester
J. SOKOLOWSKA-GAJDA (Poland)

Number 2

77 The Use of Thiourea Dioxide as Reducing Agent in the Application of Sulphur Dyes
W. CZAJKOWSKI & J. MISZTAL (Poland)

83 Kinetics of the Azo Coupling Reaction Used in the Synthesis of Ostazin Yellow HR
V. DLASK & R. HULCOVÁ (Czech Republic)

89 A Kinetic Study of the Formation of Some Pyrylium and Thiopyrylium Polymethine Cyanine Dyes
ZHU ZHENGHUA & ZHANG JINLONG (People's Republic of China)

107 Molecular Complexes of CI Disperse Yellow 211 with Aromatic Compounds
J. PŘIKRYL, L. BURGERT, A. HALAMA, J. KRÁLOVSKÝ & J. AKRMAN (Czech Republic)

121 Reduction of Quenching Effects of Fluorescent Whitening Agents by Blending
S. H. AMIRSHAHI & M. T. PAILTHORPE (Australia)

129 The Dyeing of Tencel. Part 1: Reactive Dyes
S. M. BURKINSHAW & N. J. WILLMOTT (UK)

139 The Dyeing of Tencel. Part 2: Sulphur Dyes
S. M. BURKINSHAW & C. J. LEONARD (UK)

149 Quantitative Analysis of Tautomeric Equilibrium in 1-Phenylazo-4-naphthols—A New Approach
S. STOYANOV, L. ANTONOV, B. SOLOVEYTCHIK & V. PETROVA (Bulgaria)

Number 3

159 Bichromophoric Rhodamine Dyes and their Fluorescence Properties
H. TIAN, Y. TANG & K. CHEN (People's Republic of China)

167 Solvent Effect on the Triplet Lifetime of Some Rhodamine Dyes
H. TIAN & K. CHEN (People's Republic of China)

175 Structure Optimization in a Series of Dyes for Wool and Cotton. A Chemometric Approach
M. R. DE GIORGI, R. CARPIGNANO & P. SCANO (Italy)

191 1,4,5,8-Tetrakis(arylamino)anthraquinones/Near IR Dyes (II): Reaction of 4,8-Diaminoanthrarufin with Arylamines
Y. C. CHAO (Taiwan)

201 Interactions in Coatings Formulations. Part 3: The Influence of Hyperdispersant Systems on the Formulation and Properties of Selected Pigment Paste Assemblies
J. T. GUTHRIE (UK) & M. KUNAVER (Slovenia)

217 Effects of Bolaform Electrolytes on the Interaction Between a Water-Soluble Polymer and Sulphonated Monoazo Dyes. Part 2: Aromatic Bolaform Electrolytes
J. QIAN, K. HAMADA & M. MITSUISHI (Japan)

229 New Near Infrared Absorbing Acidochromic Dyes and Their Application in Sensor Techniques
H. LINDAUER, P. CZERNEY (Germany), G. J. MOHR (Austria) & U.-W. GRUMMT (Germany)

Number 4

237 Simulation of Unlevelness in Loose Stock Dyeing
S. H. AMIRSHAHI & M. T. PAILTHORPE (Australia)

247 Synthesis and Fluorescence Properties of Substituted Pyrenylpyridine Derivatives
J. J. CHEN & I. J. WANG (Taiwan)

257 A Study of the Self-Association of Simple Azo Dyes using the Potentiometric Method
B. SIMONČIČ, J. ŠPAN & G. VESNAVER (Slovenia)

277 Reactions of β-Ethyl Sulphone Crosslinking Agent with Wool. Part III: Wool Fractionation and Amino Acid Analysis
B. M. SMITH, P. L. SPEDDING (UK), M. S. OTTERBURN (USA) & D. M. LEWIS (UK)

297 Solvent Characteristics in the Spectral Behaviour of Eriochrome Black T
M. M. A. HAMED, N. M. ISMAIL & S. A. IBRAHIM (Egypt)

307 A Study of the Reaction between Diazotized 2-Amino-1,4-Benzenedisulphonic Acid and 8-Amino-1-Naphthol-3,6-Disulphonic Acid. Part I: Use of a Simulated Program in the Reaction Kinetics of the Formation of the Dyes
J. PLOCEK & V. DLASK (Czech Republic)
